Experience

Magic Solutions   Puntarenas, Jaco
Solution Architect   Dec, 2024 – May, 2025

- Determine with the customer the best hardware based on his present and future requirements.
- Provided technical guidance and support to clients, ensuring seamless integration of new technologies.
- Collaborated with the development team to create user stories defining web solutions according to client needs.
- Helped troubleshoot technical issues on clients and our own equipment.

Portfolio   Sede del Pacifico
https://ianmiranda.vercel.app/   Jan 2021 – July, 2025

- **Attimo (PHP, React)**: Web prototype of a collaboration platform designed to manage tasks, calendars and communication between student and teacher
- **TuLook (PHP, React)**: TuLook is a platform that connects stylists and barbers with clients. Professionals can create profiles, offer their services and manage bookings, while clients can explore options, view availability and schedule appointments directly.
- **Space-Dodge (Java):** 2D arcade-style game where the player controls a spaceship and must avoid falling meteors. Implemented collision detection and points using object-oriented programming.

Social Action, Universidad de Costa Rica   Sede del Pacifico
Community Service Participant   Aug, 2024 – July, 2025

- Participated in the Social Action department at UCR, collaborating with public and private institutions to organize and carry out activities in the Pacific region.
- Worked in multidisciplinary teams to design and execute community initiatives.
